

The following is not intended to imply, diagnose, prevent, treat or claim a cure for any of the conditions listed.

It represents the past experience of others who have used these products to help support or supplement professional medical treatment programs for these conditions.

NOT FOR PUBLIC DISSEMINATION. FOR USE BY REGISTERED, INDEPENDENT DISTRIBUTORS ONLY.

Items are listed in order of importance: First item is most important, second item is next most important, etc.

All items listed for a given symptom or condition may be used together as a support program to help address that condition.

This list is not a substitute for professional medical attention: Individuals with any of the conditions or symptoms listed here should also see a licensed health care professional for proper diagnosis and treatment and before using these products if pregnant or lactating, or are taking medication.

Items are listed in order of importance: First item is most important, second item is next most important, etc.

Please note: The last two columns are essential oils. They are therapeutic, pure 100% single species with no fillers added. Do not use these straight or 'neat', they must be used with a carrier such as #2826 Tangible Lotion or #2827 Mixing Oil. If high blood pressure exists, use grapefruit and helichrysum in place of Wild Rosemary.

Avoid contact with eyes and mucus membranes. Flush with Mixing Oil or olive oil in case of contact,

DO NOT flush with water.
