

## PRODUCT SPECIFICATION

Product	LIPASORB A12 Shellfish extract complex
Code	TBL-A12
Ref. No.	950506/09
Date	09-1 2-95

**GENERAL DESCRIPTION:** The extracts are produced in the country of origin, from sound shell of shellfish. It is produced according to well known methods of extraction suitable for food production. The extracts are refined dried, mixed and packed into aseptic polyethylene bags. It contains no additives, colorings or preservatives. Lipasorb A is capable of binding up to 12 times its weight in fats in the gastro intestinal tract resulting in increased excretion of fats with feces.

**SAFETY:** The use of Lipasorb A12 in food is regarded as non-toxic, as it is unabsorbed by the body.

**TBL-A12** is a ready made formula consisting of a blend of Lipasorb A12 and galactomannan fiber extracted from Ceratonia Siliqua.

### SPECIFICATIONS:

- \* Off-white free flowing fine powder
- \* Partly soluble in water
- \* Loss on drying < 10%
- \* Viscosity 20 centipoises
- Metals (Cd, Cr, Cu, Mn, Pb, Ni, Zn, Hg)
  - \*As < 1 ppm
  - \*Pb < 20 ppm
  - \*Fe < 200 ppm
- \*Total Plate Count < 5
- \* E. Coli negative
- \* Particle size 95% through 60 mesh

**STORAGE AND SHELF LIFE:** Unopened at room temperature (not to exceed 35° Celsius), a maximum of 5 years.

**PACKAGING:** Sealed drums with one aseptic polyethylene bag.

**NET WEIGHT:** 50 kilograms
